### PALACE DANCE NETS \$200 FOR FLOOD RELIEF

Personal Donations Swell  
Antioch News Fund to  
Nearly \$400.00

The big benefit dance given last night at the Antioch Palace for the Lake County Red Cross flood relief fund was an unqualified success, the event netting over two hundred dollars which is to be turned over today or tomorrow to the county organization. The dance was given under the auspices of the Antioch Business club, the Fire Department and the Antioch Palace management co-operating. The net amount from the dance proceeds was \$200.85 and \$9.25 was received by Mr. Macek as personal donations.

The Business Club committee, Fire Department members and Mr. Macek are very grateful to the public whose patronage and co-operation made the big charity event the success it was.

### Antioch and Community Grade Schools Give Promotion Exercises

In an exceptionally well conceived program the eighth grade classes of Antioch, Bean Hill, Hickory and Emmons made their final bow to the public on Friday evening.

The High School orchestra opened the program with music followed by invocation by Rev. A. M. Kral. The local eighth grade was represented on the program by three of its members, Helen Simonson, Clayton O'Haver and Willis Banks who gave readings. Helen Pederson of the Hickory school gave a reading, and Vera Bown and Olive Hansen of Emmons gave a piano duet. Music by the Girls' Glee Club of the grade school and by a diminutive, but nevertheless highly pleasing, male quartet from the primary room of the grade school, and a patriotic exercise by the pupils of the seventh grade completed the program as given by the students.

Twenty-nine pupils, including two from Bean Hill, four from Emmons, eight from Hickory and fifteen from Antioch were awarded diplomas by County Superintendent T. Arthur Simpson who made a short address to the graduates. Certificates of award for perfect attendance were given out by W. C. Petty, principal of the Antioch Grade School.

### James A. Gillis, Head of Waukegan Printers Victim of Auto Crash

James A. Gillis, president of the Waukegan Typographical Union and well known to members of the printing trade and others throughout Lake county, died at the Waukegan hospital Tuesday morning two hours after the car which he had been driving was hit by a rapidly moving merchant's dispatch train on the Chicago North Shore and Milwaukee railroad.

The Civic League of Barrington have a proposition under way to rid Barrington and the immediate region of mosquitoes. Engineers estimate the cost to be about \$750 for the season.

### Antioch Air Port to Be Lake Region Attraction This Year

Lieut. Verne Ramsey With New Curtiss Biplane Will  
Arrive Next Saturday

Another new attraction will be placed at the disposal of the thousands of residents of the lake region Saturday when Lieut. Ramsey of Waukegan is expected to arrive in his new Curtiss biplane. The landing field will be near the Antioch Palace and the place will be known as the "Antioch Air Port," according to Mr. Ramsey.

"For more than two years I have considered the establishment of a flying field in the lake region with headquarters near Antioch," Lieut. Ramsey said yesterday to friends while here completing arrangements to bring his ship here Saturday.

Aerial photography, passenger carrying, including both sightseeing and long distance trips, and advertising, are some of the many things included in the plans of the flyer who believes that the day of the airplane as a practical mode of transportation has arrived.

"It will be a matter of only a short time until regular passenger-carrying air lanes will be a reality, and the lake region is almost in direct line with Chicago, Lake Geneva, Madison and the northwest," Ramsey declared while discussing the future of aerial transportation.

#### Ramsey Conservative Flyer

Lieut. Ramsey is described by his friends as one of the most conservative flyers in the business. His ten years experience has made him master of the art of flying. During the World War he was instructing pilot at Kelly Field, Texas, later serving for some time as government pilot in California and adjoining states. His first private job after receiving his discharge from government service was flying for the large Armour estates in the west. Ramsey has done passenger carrying service in many states, with never an accident during his entire career as a flyer. His big biplane equipped with a 100 horse power motor, is pronounced by those versed in aeronautics to be the safest flying machine made.

Pilot Ramsey and others who have flown here with him say the entire region, dotted with lakes and streams, presents a very beautiful picture. It was the view from the air that first attracted Ramsey and caused him to investigate the possibilities of establishing an air port near Antioch.

### CRIMINAL RECORD OF WILLIAMS BROTHERS ROBBERS IS GIVEN

Records of U. S. Department of Justice Show  
Both Old Offenders

Complete records of the criminal activities of the men who robbed the Williams Brothers store here three weeks ago have been received from the Department of Justice, Bureau of Identification, Washington, D. C.

Edward White, alias Edward Heary, alias Edward Briddle sawed his way to freedom from the county jail at Tulsa, Oklahoma in 1914 and a reward of \$25 is still offered for his apprehension. He had been arrested under the name of Elmer Briddle on a charge of assault. He had already served 100 days there for stealing cigars from a Frisco railroad before he made his escape from the county jail.

He was arrested again under the same name at Pittsburg, Penn. July 1, 1926, charge, suspicious character. Investigation there is still pending, according to government records.

Barzy Foster alias Barney Foster, alias Barzal Foster has a criminal record which dates back to June, 1921 when he was convicted of larceny in the Chicago courts. He was sent to the state reformatory on June 30, 1921 on an indeterminate sentence of 1 to 10 years. He was later arrested at Crown Point, Indiana, on September 23, 1926 and was held on a charge of second degree burglary. Government advices did not disclose the outcome of this arrest.

White and Foster were arrested by policemen of the Lake Forest force on the morning of Thursday, May 5th, shortly after they had broken into the Williams Brothers store and made way with loot valued in the neighborhood of \$3000. They readily admitted that the goods, which they still had with them, belonged to the Williams Brothers store and had been stolen by them that morning. Both men were taken into custody and are being held at the county jail pending action of the grand jury next October.

Foster, who had formerly worked in this vicinity claimed that he had not been mixed up in criminal activities until his association with White, and both men admitted robbing other stores in and around Chicago recently. Chicago authorities will place charges against White after his case has been disposed of by Lake County officials.

### Parachute Hop and Wing-Walk to Thrill Memorial Day Crowd

Pilot Ramsey Will Bring Aerial  
Performer to Antioch Air Port  
Memorial Day

Memorial day crowds in the vicinity of Antioch will have thrills galore next Monday at one o'clock when they will have opportunity of witnessing parachute hops from Verne Ramsey's airplane, also wing-walking and other thrilling and hazardous stunts performed by an aerial acrobat whom Pilot Ramsey will bring to Antioch as a special holiday attraction.

The performance will take place promptly at one o'clock standard time and the stunts will be done over the air port near the Antioch Palace.

### ANTIOCH DROPS SLOW GAME TO AVON SUNDAY

Score Climbs as Locals Fail to  
Stop Visitors' Hitting  
Orgy Sunday

Avon took revenge Sunday for the 1 to 0 defeat Antioch handed them earlier in the season. Avon sluggers hold the league record having made 12 runs in one inning and 47 runs in their last three games. Britton was way off form in Sunday's contest and everything he threw was hit hard. The Antioch team was handicapped by a lack of pitchers and Britton was allowed to continue on the mound till late in the game.

Wallace with 4 hits and a pass which brought him 5 runs, and Hook with 4 hits starred for the Avon aggregation, while Wolfe's spectacular catch of Hardin's long fly with bases full and 2 out early in the game proved the best single play from the spectators standpoint and was the turning point of the game. Among the locals Halwas led with 4 hits and one run, and Lasco and Shunneson each garnered in 2 hits.

Antioch will play Waukegan Cardinals next Sunday. They are bringing a good team and are tied with Antioch for 4th place. Antioch's lineup will be strengthened as the high school pitchers will be ready to take their turn on the mound.

On Monday, May 30th, the Valmar team of Camp Lake will be the opponents. They are mostly Wilmet and Lake Geneva boys and have a good record for the last two years. They are backed by the Kraus Real-

### ANTIOCH H. S. TRACK TEAM TAKES THIRD IN CONFERENCE MEET

Spicer Breaks Conference  
Record in Discus  
Throw

Antioch High School jumped from the bottom of the list in track activities to third place by winning that berth at the Northwest Conference Track and Field meet at Libertyville last Friday, May 20.

Local sport enthusiasts express themselves as being well pleased with the showing made. This is the first year that any organized track work has been done at the high school and the contestants have been further handicapped by lack of a track. Coach Jepson has succeeded in rounding green material into shape to take third place among the nine schools of the conference, and has established a nucleus for next year's team.

Spicer was high point man for Antioch with seven points, having won 1st in the discus throw and 4th in the shot put and high jump. In the first event he established a new conference record with a distance of 99 feet and 5 1/2 inches.

Nixon was runner up with a 2nd in the 50 yd. dash, 3rd in 100 yd. and a tie for 3rd in the 220 dash, all of which totalled Antioch 6 points. Bernolito, who entered the contest with an injury which had kept him from practice for several days, won 2nd in the 220 low hurdles, finishing one tenth of a second behind the winner in spite of his handicap.

Gaston ran with good form and with a natural speed which points him out as a coming point getter for Antioch High. He ran close to Joe's heels for a third in the low hurdles and was runner up to Nixon in the 100 yard dash. Two other Antioch contestants won places, Bud VanPatten finishing 2nd in the half mile, and Shunneson 4th in the javelin throw.

In addition to those winning points at Libertyville, three other students will be awarded letters for their record in the triangle meet with Libertyville and Gurnee, in which Antioch took second place. They are Schwenk, 1st in pole vault; Folbrink, 2nd in the mile; and Hunter, 2nd in the javelin throw.

### Severe Storm Blows Down Farm Buildings

Another of the violent storms that the weather man seems to delight in sending this season struck Antioch and vicinity Monday morning. This time the storm was not accompanied by a tornado in this region but the force of the wind was so great in many places that it blew over buildings. Along the state line several barns and smaller buildings were blown down, and at Scott's Dairy the newly laid brick wall of their new milk house was wrecked.

#### ATTRACTIONS AT THE PALACE

There will be dancing at the Palace Saturday, Sunday and Monday, May 28, 29, and 30th, also Wednesday and Thursday of next week. The following week there will be dancing Saturday and Sunday Wednesday and Thursday, Friday evening, June 3rd, the Eastern Star will hold a dance there. Chuck Drinker and his Collegians will play all of the dances.

There will be matinee dancing Sunday and Monday afternoons.

Mr. and Mrs. W. F. Peters were surprised by a number of friends at their home last Friday evening.

ty Co., of Chicago, subdividers and owners of the city of Valmar on Camp Lake.

Last Sunday's attendance beat previous records and the players express themselves as hopeful for still further improvement and ready to do all in their power not to disappoint the fans.

May 30

On this day set aside as time when we may pause to recall the brave deeds of those who gave their all when the nation called, we wish to add our mite toward the reverence and honor accorded these brave men.

### DAYLIGHT SAVING SCHEDULE TO TAKE EFFECT SUNDAY

Clocks of Village to Move  
Ahead One Hour on  
Next Sunday

Antioch and vicinity will adopt the daylight saving time schedule next Sunday morning at 2:00 a. m. and will continue it until the last Sunday in September.

Following the action of Antioch, Grayslake, Fox Lake and Lake Villa will also adopt the new schedule. It is expected that it will prove a great convenience to local business interests.

The adoption of the new schedule for the first time since the war has come in response to a widespread demand on the part of summer residents, who found the difference between Chicago and local time a great inconvenience. The change will enable the lake region to handle the crowds of Chicago visitors with greater facility.

The ordinance providing for the change was passed by the village council Monday evening.

### ANTIOCH TO OBSERVE MEMORIAL DAY

American Legion and D. of G.  
A. R. to be in Charge of  
Program

Memorial day services under the direction of the local Fortress of the National Daughters of the G. A. R. assisted by the American Legion will be held Monday, May 30. The line of march will form at 3:00 p. m. at the grade school, and, led by the Allendale Band, will march to the Hillside and Mt. Carmel cemeteries where appropriate Memorial services will take place.

A short talk will be given by Rev. Kral, and an address by Robert C. Guille, Commander Eighth District, American Legion will follow.

The public is cordially invited to attend these ceremonies.

#### LOCAL CLOTHIER PUTS ON NOVEL CONTEST

The window of Otto S. Klass, local clothier, has attracted much attention this week. Mr. Klass is running a novel guessing contest, consisting of a bag of sand suspended from a pair of overalls. Three overall suits will be awarded as prizes to the three lucky individuals whose guesses as to the weight of the bag of sand are the most nearly accurate. Several hundred people have placed guesses, running all the way from 40 to 115 pounds. Mr. Klass assures all comers that the bag is full of sand and there is no joker about the contest.

### PROPERTY OWNERS PRESENT PETITION FOR IMPROVEMENT

Engineer Makes Estimate  
of Cost—Work to Be  
Rushed

Depot street is to be added to Antioch's big paving program this year, according to action taken last Monday night by the board of local improvements and the village council. Immediate action by the board followed the presentation of a petition by property owners who favor the improvement and would like to see the paving completed this year.

#### Paving Now Means Saving

Interested property owners on Depot street got busy on the paving project when it was learned that the firm of Barron & Darrow, contractors, had agreed to pave the street at a unit price corresponding to their bid for the improvement of Lake, Victoria and Harden streets. With their equipment already on the grounds, the contractors can afford to make a more attractive price on the work, which will prove a saving to the village and property owners on Depot street.

#### Paving to Be 36 Feet

In order to complete the necessary legal steps pertaining to the Depot street improvement and get the work under way as soon as possible, the board Monday night requested the preparation of the president's estimate of the cost of a 36 foot pavement from Main street to the Soo Line tracks. Engineer J. A. Todson, village engineer, is preparing the estimate, and the improvement board, village trustees and property owners are co-operating to see this much needed improvement completed the coming summer.

### POPPY DAY SALE TO BE HELD SATURDAY

Proceeds of Sale to be Used to Aid  
Needy Veterans of the World  
War, or Their Families

May 28th is designated as Poppy Day for Antioch and vicinity. The local post of the American Legion will be in charge of the sale and members of the Daughters of the G. A. R. and others will sell poppies on the streets of Antioch all day next Saturday.

The American Legion and the Legion Auxiliaries, under whose direction the money raised by the sale of the flowers will be spent, will use all of the money so collected for the benefit of former service men and their families. They maintain a Service Department with experienced men in charge to take care of the many thousands of claims from veterans. They give service impartially whether an applicant is a member of the Legion or not. Service in the World War is the only requirement. The annual sale of poppies is the only source of revenue the service department has.

#### Illinois Has 200 Soldier Orphans

That the need in Illinois for such service is great, may be judged by the fact that there are now 2620 veterans in Illinois hospitals, 1595 of whom are mental wrecks. Nearly 200 orphans are in the home at Normal.

Every veteran of the World War has been helped by the Legion: through disability claims, adjusted compensation state and national, insurance, hospitalization, employment, and many other forms of assistance. Grief stricken parents and widows turn to the Legion for help in the final adjustment after the veteran has answered the last call. To continue this service the poppy is sold each year. The contribution made by each individual is small but the aggregate sum given by millions of individuals will carry on the work.

## WILMOT NEWS

There will be English services at the Lutheran church Thursday evening at seven-thirty. The Sunday services at ten will also be in English.

Mr. and Mrs. Herman Seldschag of English Prairie announce the birth of a ten pound son on Saturday, May 21st.

Mr. and Mrs. F. Kruckman and Dale were in Crystal Lake Sunday for a visit with Mrs. Kruckman's mother, Mrs. M. Anderson, who is seriously ill.

Florence Carey of McHenry and Ermine and Blanche Carey arrived at their respective homes Thursday after driving from Miami, Florida, and Washington. They also spent several days in New York and Washington seeing sights.

There is a rumor current to the effect that the Fred Semrau Post No. 361 of the American Legion has secured the M. W. A. hall to use for lodge purposes. The Legion members plan extensive repairs and redecoration of the hall.

Mass at the Holy Name church commencing with next Sunday will be nine o'clock during the summer months. On Ascension Thursday of this week it will be at eight o'clock. A number of men from the parish met last week and leveled part of the old gravel pit so that the space may be used for the parking of cars.

A three pump Standard Oil service station is being installed by Roland Hegeman on the corner of Water and Main streets and will be open for business very shortly.

Elmer Steusel is driving a new Chevrolet sedan.

Mr. and Mrs. Edward Boulden and daughter, and Mrs. A. Christenson of Chicago spent Sunday with Mrs. Hannah Boulden and Mary Boulden.

Dorothy Tyler of Kenosha was a week end guest of her aunt, Mrs. Walter Carey.

Don Herrick was out from Chicago over Sunday. While on a motorcycle with John Hasselman Sunday afternoon they were crowded off the road near Bruuggaman's corners and both slightly injured.

Clifford Pacey is serving on the Circuit Jury in Kenosha.

Mrs. D. Brownell entertained on Sunday Mrs. B. Smith and daughter, Pearl. Mr. and Mrs. T. Jamison, all of Milwaukee, and Charles O'Brien of Chicago.

A. C. Stoxen was in Chicago Monday and attended a Farm Bureau meeting.

Miss Caroline Fernald is Married. Stanley Stoxen of Randall and Caroline Fernald of Fox River were married at the Silverlake parsonage at three o'clock last Wednesday afternoon by Rev. Randall. The young couple were attended by Agnes Kohler of Fox River and Paul Vilansky of Kenosha. Both Mr. and Mrs. Stoxen graduated from the Union Free high school in the class of 1922 and are well known in the community. The groom has been employed at the George Dean hardware store in Bassetts for several years and after a short honeymoon trip Mr. and Mrs. Stoxen will reside in Bassetts.

Frank Ehlert had his Chevrolet sedan badly damaged on Saturday night when he left it parked off the roadway in front of the Fred Albrecht home. Harold Douglas and a companion from Lake Geneva driving a Ford coupe came over the bridges and crashed into it, overturning their car and completely wrecking it, and badly damaging the Ehlert sedan. The Lake Geneva men, who were badly intoxicated at the time, were placed under arrest and taken into Kenosha where they were released.

Mr. and Mrs. H. Simes and son of Hebron were Sunday guests at the A. C. Stoxen home.

Union Free High School. The base ball team turned in the second consecutive win for the season last Wednesday afternoon by severely trouncing Genoa City on the Silverlake field by a twelve to two score. The game was played in a driving rain making the ball exceedingly hard to handle. Marshall, Genoa pitcher, had trouble locating the plate, but Shubert Frank was in rare form, striking out sixteen and allowing but four hits. Kocel, freshman outfielder playing his first game, pounded out a triple with the bases full, and also hit a double. Leo Letting, Captain and third baseman, contributed four hits. The next game will be with Genoa City on Friday, May 27, at the State Line field.

The Junior Prom of the Class of 1928 was a decided success and in spite of the inclement weather a large crowd attended. The decorations of blue and white were arranged to form a huge bell in the center. Millar's orchestra of Woodstock furnished the music. The grand march was led by M. M. Schnurr and Charlotte Anderson of Milwaukee.

Members of the Senior class voted last week to spend a large sum of money on equipment for the physics laboratory. This is a very worth while presentation to the school and the members of the class are to be commended for their good judgment.

Seniors are making preparations for the Class Day exercises on the evening of June seventh, and for Commencement on June ninth. At Commencement the Salutatory address will be delivered by Gladys Burton and valedictory by Ruth Barber. The class is unusually fortunate in having for the speaker B. E. McCormick, Executive Secretary of

the Alumni Association of the University of Wisconsin. Mr. McCormick is a real leader and a fine speaker. He knows boys and girls through years of contact with them in the schools of the state.

## Legion Auxiliary Notes

Memorial day exercises under the auspices of the American Legion Auxiliary will be held at the Wilmot gym at 10:00 o'clock Monday morning. The program will consist of numbers by pupils of the schools in this Legion district.

The members of the Fred Semrau Post No. 361 are to meet at the Legion Headquarters in Wilmot at nine-thirty on Sunday in a body and visit the two cemeteries in Wilmot, the two at Munster, Salem Mound and Liberty Corners at each of which they will decorate the soldiers graves.

# Firestone GUM-DIPPED TIRES

Firestone Round Tread Balloon

MANY Firestone Dealers are prepared to take in your old tires, offering you a liberal allowance on a new set of Gum-Dipped Balloons.

Firestone Dealers are given the advantages of attending Tire Educational Meetings held throughout the country, where tire design and construction are discussed. The sections of used tires reproduced here are a part of this program. Study these two sections and you, too, will understand what Firestone means by tires built for service and tires made to sell.

Flat Tread Balloon

The Firestone Gum-Dipped Balloon with its scientifically designed tread permits free flexing, easier riding, extra comfort and safety.

The balloon tire with heavy, flat tread design is obviously stiffer and rides harder. The excess rubber, placed for appearance at the edges of the tread, is not only wasted but produces hinging action causing ply separation and "shoulder breaks."

Firestone designed and manufactures Oldfield Tires and Tubes, distributing them direct to Firestone Dealers only, through 148 Factory Warehouses. This efficient and economical distribution assures tire buyers everywhere, clean, fresh stocks of Firestone and Oldfield Tires in all types and sizes, and has helped to make possible today's remarkably low prices—the lowest in tire history. See the Firestone Dealer today.

## STATE PURCHASES NEW GAME AND FISH LANDS

3,100 Acres of Land Purchased From Game and Fish License Money

Purchase by the state of a game and fish preserve and public shooting and fishing grounds of over three thousand acres of land and water in Alexander county was announced here recently by Governor Len Small and William J. Stratton, Director of the Department of Conservation.

The transfer to the state of 2,000 acres of Horse Shoe Lake and eleven hundred acres of land lying within the curve of the lake has been completed and work will be started in the near future to make this the finest game and fish preserve and public shooting and fishing grounds in the central west.

Horse Shoe Lake preserve, as this tract is known, is located twelve miles northeast of Cairo, Illinois. It is about two miles from the Mississippi and six miles from the Ohio river. The recent unprecedented floods have not reached this spot so that it seems safe to predict that there never will be any danger of high waters interfering with the quail, wild turkey and other upland game with which the eleven hundred acres will be stocked. A similar preserve and public shooting and fishing grounds of 1700 acres was purchased recently in Woodford county.

Under the provisions of the game and fish codes passed by the 1923 general assembly, all money received by the department of conservation from hunting, fishing and trapping licenses is set apart in a special fund. All the money in this fund is to be used for the necessary expenses of the department and the purchases and distribution of game birds and eggs, rescue and distribution of fish and establishment of fish hatcheries.

The establishment of forest, game and fish preserves and public hunting and fishing grounds is one of the most important phases of the game and fish restoration program now being carried out by Governor Small and Director Stratton of the department of conservation.

The outstanding feature of this program is that all of these expenses are paid by revenue from hunting and fishing licenses without one cent of direct taxes.

### Miss Vera Nelson and Edwin Rentner Married Saturday

The wedding of Miss Vera Nelson, daughter of Mr. and Mrs. N. L. Nelson, and Edwin Rentner, son of August Rentner, took place at the home of the bride at high noon on Saturday afternoon, May 21st. Thirty-five relatives and friends of the bride and groom were present at the ceremony which was performed by Rev. S. A. Jeele of Milwau.

The couple were attended by Mr. and Mrs. Lester Nelson, Miss Myrtle Haynes and Henry Rentner. A nephew of the groom, little Eldred Shur was ringbearer. Miss Hilma Rosing played the wedding march. Immediately after the ceremony the wedding party proceeded to the Blue Willow Inn where the wedding dinner was served amid much festivity.

Following the dinner the wedding party left by auto for Superior, Wisconsin, where they will visit for a week with the bride's aunt, Mrs. J. W. Hancock. Upon their return they will make their home temporarily with the bride's parents, Mr. and Mrs. N. L. Nelson, until such time as they are able to occupy the new home which they are to build on Victoria street.

Both Miss Nelson and Mr. Rentner are well known in Antioch to a host of friends. Both are graduates of the local high school and have been closely identified with the social life of the younger set in the community. Miss Nelson has been employed for the past year at the First National bank. Previous to that time she did stenographic work in Oak Park. The groom is in the employ of the Antioch Oil Co.

### Bristol Couple Celebrate Their Golden Wedding

Mr. and Mrs. Carl Pofahl of Bristol celebrated their golden wedding anniversary Sunday, May 22nd, and kept open house from 2 to 4 p. m. to their friends. Their eight children planned and gave the party and furnished delicious refreshments to all guests who called. Their 39 grandchildren, and one great grandchild were included among the 176 relatives who attended this social event. Many friends also called during the afternoon. They were the recipients of many gifts. A large beautiful oriental table lamp was presented by the grandchildren. The day was also the 26th wedding anniversary of their oldest daughter, Mrs. Ida Radeg of Burlington.

The home was artistically decorated in white and yellow by Mrs. Lowe of Pleasant Prairie, who also made the wedding cake. A photo was taken of the former bride and groom, who stood under three large white bells hung in the alcove. Other photographs of the company were taken.

Guests were present from Genoa City, Burlington, and Kenosha as well as Bristol. Rev. H. C. Yoyer gave an appropriate address to the company and musical numbers were rendered. A wedding supper was served in the evening to the relatives.

#### \*\*\* WM. KELLY TO VISIT ISLE OF MAN

Wm. Kelly of this place is to leave Decoration Day for a trip to the place of his birth, the Isle of Man. He will go from here to Montreal where he will join a companion, Thomas Coole, and they will there take passage for England.

This is to be homecoming year on the Isle of Man for the sons and daughters of that tiny island who have wandered off to the far corners of the world. Fifty thousand inhabitants now dwell on the island and as many more are expected home for the celebrations. Mr. Kelly and his companion with 300 others will sail on the White Star Liner Albertic which has been chartered for the purpose of taking former natives of the island direct from Montreal to the Isle.

This will be the second trip Mr. Kelly has made since coming to this country 38 years ago and the first trip for 19 years. He plans to remain until fall.

#### LOCAL PEOPLE ARE ENTERTAINED AT RUSSELL

## BANKERS BACK BOYS IN GROWING SOYBEANS

State Bank of Antioch Co-operates  
With H. S. Agriculture Club to  
Promote New Crop

Soybeans have been grown in this community in a limited way by a few farmers, but the need for a larger acreage is foreseen, and in getting ready for that time a campaign by the Antioch State Bank and the high school Agriculture club to promote the growing of them is being inaugurated this spring.

The boys of the Agriculture classes bought their own seed from the Olds Seed Co. of Madison, Wisconsin. Each of the twenty-six boys will get a quantity of seed that will be inoculated with legume bacteria furnished by the U. S. Department of Agriculture. The boys will grow the soybeans in various parts of this section of Lake county so as to familiarize the neighbors with the new crop.

In the fall of the year each of the boys will make an exhibit, which will be on display at the new State Bank.

Considerable interest has been taken by the directors of the bank and a considerable sum of money will be given out to the boys as prizes.

The boy winning first prize will receive a free trip to the International Livestock and Grain Exposition to be held in Chicago next December.

Henry Grimm, Frank Kennedy, and C. L. Kutt are the committee who will conduct the campaign with the boys this summer.

A petition to contest the election held in Highland Park last month was filed recently in the Circuit court by Attorney Ernest Gall of that place in behalf of three of the defeated candidates for commissioner, Mrs. Nanine G. Hopkins, Will Krumbach and John Oliver. Fraud in counting ballots on the part of judges in certain precincts is alleged.

A 14 acre tract of land, part of it within and part of it just outside of the city limits of Waukegan has been purchased for the erection of a hospital at a cost of \$55,000. The Servants of the Holy Ghost, a Catholic order of nuns located at Techny, Illinois, will be in charge.

A sensation was sprung at the meeting of the Libertyville board of local improvements last Tuesday evening when the village engineers submitted a report recommending that a piece of paving done last year on Church street be not accepted. The report was approved and the company which did the paving notified to make the necessary corrections or they would be made by the village and deducted from the contract price. The trouble was due to the fact that the work was not completed last fall and some of the concrete froze and thus became unusable.

Libertyville and Mundelein are to have a Secretary-Manager who will be in the employ of the Libertyville-Mundelein chamber of commerce. W. E. Hardin, formerly secretary of the Chamber of Commerce of Clinton, Ill. has already arrived to take up the work.

The body of an unidentified man was found in a ditch which contained but three feet of water at Deerfield. Investigations showed no evidence of murder and it was concluded that the man must have fallen off a bridge some little distance above where his body was found and his body must have been carried to the point where it was found by the current in the ditch caused by the recent rains.

R. E. Lobdell, county superintendent of highways recently announced that the state department of highways would call for bids for their next letting on Route 172. The project will call for paving a continuation of Milwaukee avenue from Thomas' Corners, at Belvidere and Libertyville Road, and extending southwest to Libertyville entering on Milwaukee avenue where that thoroughfare curves to the northward toward Grayslake. The project is about four miles long.

A Waukegan firm under the leadership of George Grindrod of Oconomowoc and W. W. Williams of Burlington has recently been organized to put on the market a patent process for sterilization of milk. The new method will eliminate the bacteria in milk and cream and keep it indefinitely. The system should radically change the present milk marketing methods and will affect Wisconsin and Illinois vitally. For proof of the experiment a bottle of milk was opened last week which had been kept in an ordinary glass container subject to heat and warmth since April 11th. There was no difference in taste from that of milk delivered that morning. Cream 6 weeks old, subjected to bacteria test and count was still sweet. Acid tests, made on cream two and three months old, showed the same reaction as cream two and three days old.

Mrs. Cora I. Kessler of Broadview, near Maywood, was instantly killed last Thursday evening while riding with her husband, A. B. Kessler on the Fox Lake road near the Otto Lehmann farm at Lake Villa. The wheels on the left side of the car slipped off the cement causing the machine to crash into a tree and Mrs. Kessler to be thrown and instantly killed. Her husband was not seriously injured.

Moore's Lake Vista subdivision was the camping ground one day last week of companies A, B, C of the Fourteenth Field Artillery who were enroute from Jefferson Barracks, St. Louis, Mo. to Sparta, Wis.

## The World's Lowest Priced Cars with Supremely Beautiful FISHER BODIES!

Chevrolet is the only car in its price class offering bodies by Fisher—built as only Fisher can build, and styled as low-priced cars were never styled before!

Bodies by Fisher are everywhere acknowledged to represent the highest order of beauty, luxury, and safety—and never was the superiority of Fisher craftsmanship more evident than in the Most Beautiful Chevrolet.

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite

construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco.

Enhancing the beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, one-piece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices—value so outstanding that comparisons cease to exist. Ask for a demonstration!

## NEW AUTO PARKING SPACE PROVIDED BY STREET COMMITTEE

Room Provided for Parking 150 Cars on Main Street

Parking space for 150 cars will be provided in the two places which are being prepared this week under the supervision of the street and alley committee of the city council, composed of trustees Dunn, Shultis and Jensen. The parking place between the Antioch News office and the village hall, a space 160 by 84 feet which has been in use in previous years will be continued, and the Wedge lot opposite the Standard Oil station on Main street will provide an additional space 60 by 150 feet.

Action on the part of the committee is taken as the result of instructions of the village board about ten days ago. Crushed rock is to be used in improving the parking places and they will be well lighted and marked.

Rail System to be Used The rail system of parking will be used, cars being parked head in and parallel to one another on each side of a rail, with space behind each row of cars for coming in or backing out. The committee plans to maintain an officer to supervise each parking place until the new parking system has been made clear.

The two lots will provide space for approximately 150 cars. While it is not expected by the committee that this will relieve the congestion on Main street at all times, it is anticipated that it will help materially in solving the problem. It is planned to have the work completed in time to accommodate the Decoration Day crowd.

## Obsequies of Mrs. Bower Held at St. Ignatius' Church

The funeral of Mrs. Emily Bower of Madison, Wisconsin, took place at the Episcopal church last Wednesday afternoon with interment in Hillside cemetery. Deceased was formerly a resident of Antioch.

Mrs. Bower was born at Crosby on the Isle of Man on March 23rd, 1868, and came to this country with her mother as a young girl. At that time she had three brothers living in Antioch and she and her mother spent several years here and in Chicago. Following her marriage she moved to Madison, Wisconsin, where she has since resided.

Death occurred at the Madison hospital, Wednesday, May 11th, after a month's illness. Dr. Richard Bower, only child of the deceased, was in Germany taking graduate work in medicine when news of the seriousness of his mother's condition reached him. He returned immediately, arriving in Antioch last Tuesday evening.

Mrs. Bower is survived by her son, Dr. Richard Bower and her husband, A. W. Bower, both of Madison, and one brother Wm. Kelly of this place. She was widely known in this community as well as in Madison.

The American Legion post of Graylake has recently superintended the equipment of the business streets of the town with street flags.

## THRONGS OF PEOPLE VISIT LAKE REGION RESORTS ON SUNDAY

Lake Region is Ready For Memorial Day Crowd

Antioch and the lake region had their first taste of summer activities Sunday when favorable weather brought many thousands of people from the city to enjoy the first pleasant week end this summer.

Many of the pavilions and resorts were open and another week will see most of the resort activities in full swing. The Antioch Palace, Twin Lakes Pavilion, Nipperank Park and Cross Lake Inn have been open for some time to dancers, and beginning this week end Thompson's Tavern at Fox Lake and many of the resorts will provide additional dancing facilities for pleasure seekers.

Winch's Pavilion Opens June 25th W. O. Winch, owner of the Channel Lake Pavilion announced that, contrary to his usual custom, he will not open his pavilion for dancing on Decoration Day. He has his pavilion entirely redecorated and will hold his grand opening on June 25. Winch's Sorority House, and the Sorority House restaurant, which will be run by Mrs. Dillon this summer, have been entirely renovated and will be open over the week end and for the rest of the summer. Gifford's and many other of the Channel Lake resorts are in readiness for the week end crowd.

Lotus Park at Grass Lake, under the direction of Mr. and Mrs. Walter Paske, has been open for guests since May 1. Pregezer's, Rothers, and the Selter resort operate the year around and several others in the region are making preparations to receive guests this week end.

Heverly Hotel at Lake Marie, and Otis' Hotel at Fox Lake have been open all season for guests and the Dressed House, Wurz'n Sepp's on Lake Marie and many others will be ready Saturday for the summer.

Renahan's Amusement Park and resort at Round Lake has been in full swing since the opening of the Lake County Amateur Baseball League season, and several of the country clubs have attracted golfers in spite of the rather inclement weather. At the summer resort city, Valmar, the Light House Tavern, under the management of H. DeCorsey, provides hospitality for campers and visitors at Camp Lake.

Many Subdivision Activities Many subdividers are busy preparing to display their locations to prospective customers over the week end. Mid Lakes, between Lakes Channel and Marie, and South View and the H. B. Smith subdivision on Channel Lake, are among the many which are being put on the market, some of them for the first time on Decoration Day.

The News office force has been busy this week rushing to complete

tion as many of the new maps of the region as is possible in order that they may be placed in the hands of the guests of the many resorts and business places over the holiday. Mr. and Mrs. Homer Stevens entertained several relatives from Waukegan on Sunday. Mrs. Andrew Harrison called on friends at Richmond Monday.
